

## Upcoming 2010 Programs

*In development is a program exploring innovations in medical technologies. The program will be offered on Sept. 15 at ACHE's Atlanta Cluster. On Oct. 6 the Fund will offer its annual ethics program in conjunction with ACHE's San Francisco Cluster. The 2010 ethics program, "Ethical Wisdom: Doing the Right Thing Every Day, Everywhere in the Organization," will be led by Jack A. Gilbert, EdD, FACHE, director, Master of Health Innovation Program, College of Nursing and Health Innovation, Arizona State University, Phoenix.*

*This half-day session will assist participants in developing an awareness and action plan to further strengthen the ethics culture and leadership of their organizations. Participants will examine the five disciplines that lead to an ethical culture and use a diagnostic tool to assess their organizations. The ethical challenges of responding to the tenets of the healthcare reform package also will be a key topic of discussion.*

## We Thank You

In 2009 more than 440 donors contributed over \$400,000 in cash and pledges. This support enabled the Fund for Innovation in Healthcare Leadership to strengthen the field of healthcare leadership by providing scholarships and innovative learning opportunities on important trends and issues.

### *Innovative Learning Opportunities*

**INFLUENCING ETHICAL PRACTICES:** "The Ethics of Healthcare Organizations as Stewards of Their Communities" was held in New York City in August. The program was presented by Laurence B. McCullough, PhD, Dalton Tomlin Chair in Medical Ethics and Health Policy and associate director for Education, Center for Medical Ethics and Health Policy, Baylor College of Medicine, Houston.

**PROMOTING INNOVATION:** "Best Practices for Applying Social Media in Healthcare" was held in San Antonio in November. The program featured Matthew Holt, author of The Health Care Blog and co-founder of the Health 2.0 Conference, and representatives from Hyatt and Comcast corporations and healthcare leaders from organizations on the cutting edge of using social media to enhance the patient care experience and broaden the reach of their healthcare services.

**DEVELOPING LEADERS:** In our commitment to developing future leaders, the Fund provided scholarships for affiliates to attend ACHE's Senior Executive and Executive Programs.

### *About the Fund*

The Fund for Innovation in Healthcare Leadership is the philanthropic initiative of the Foundation of the American College of Healthcare Executives (ACHE). The Fund was established in 2006 to bring innovation to the forefront of healthcare leadership.

**WHY GIVE?** Contributing to the Fund gives you the opportunity to invest in the future of our profession and ensure the field is rich with inventive leaders who have the tools and knowledge required to provide the best in healthcare delivery.
