

For Immediate Release

ACHE Installs 28 New Regents, Appoints Two Regents-at-Large and Two Interim Regents

CHICAGO, March 25, 2017—Twenty-eight healthcare executives have been elected to serve three-year terms as Regents, and two have been appointed to serve as Regents-at-Large for the American College of Healthcare Executives. The Regents took office today at the Council of Regents Meeting preceding ACHE's 60th Congress on Healthcare Leadership.

In addition, two Regents recently were appointed to represent members on an interim basis in Colorado and New Hampshire.

The elected Regents will represent ACHE members in their respective jurisdictions; Interim Regents serve until the next election can be held. All individuals are board certified in healthcare management as ACHE Fellows.

Following are the new Regents and the jurisdictions they represent:

About the American College of Healthcare Executives

The **American College of Healthcare Executives** is an international professional society of 40,000 healthcare executives who lead hospitals, healthcare systems and other healthcare organizations. ACHE's mission is to advance our members and healthcare management excellence. ACHE offers its prestigious FACHE® credential, signifying board certification in healthcare management. ACHE's established network of 78 chapters provides access to networking, education and career development at the local level. In addition, ACHE is known for its

magazine, *Healthcare Executive*, and its career development and public policy programs. Through such efforts, ACHE works toward its vision of being the preeminent professional society for healthcare executives dedicated to improving health. **The Foundation of the American College of Healthcare Executives** was established to further advance healthcare management excellence through education and research. The Foundation of ACHE is known for its educational programs—including the annual Congress on Healthcare Leadership, which draws more than 4,000 participants—and groundbreaking research. Its publishing division, Health Administration Press, is one of the largest publishers of books and journals on health services management including textbooks for college and university courses.
