2022 HONORARY FELLOW

Honorary Fellow is a unique and revered award bestowed by the American College of Healthcare Executives. It recognizes distinguished leaders whose accomplishments have had a significant influence on the profession of healthcare management and have advanced the health of those who put their trust in us.

This year, for the first time in ACHE's history, ACHE is proud to present the Honorary Fellowship to the entire healthcare workforce. Each member on the front lines has fought bravely against an unknown and unforgiving virus and persevered through overwhelming challenges, all while battling exhaustion, fear and anxiety.

We honor all healthcare workers and their selflessness in caring for all. We recognize the endless hours they spent at the intersection of life and death, grappling with decisions that tested even the most experienced professionals. The fortitude they demonstrated and the sacrifices they made, exemplify what it truly means to care deeply for others.

We honor each of you for your selflessness and humanity, and for the heart and soul you give every day—in every moment—to all those you touch.

Today is made more precious as we reflect on the losses we have witnessed and the strength you have demonstrated. Today, we celebrate the valor, heart and sheer persistence that defines the core of caring. Today, we honor all those who serve on the front lines. Your courage inspires and fuels us.

**As a Fellow of the American College of
Healthcare Executives, I pledge to: *(pause)***

- Abide by its *Code of Ethics*; *(pause)*
- Contribute to the advancement of our profession by exemplifying competence and leadership in healthcare management; *(pause)*
- Commit to lifelong learning by maintaining a personal program of continuing education; *(pause)*
- Contribute to the improvement of my community's health status; *(pause)*
- Enhance our profession through leadership in a wide range of community and professional activities; *(pause)*
- Uphold and further the mission of the American College of Healthcare Executives to advance healthcare leadership and management excellence.
