Health care strategies, trends and
innovations to address clinician burnout

Lu de Souza, MD, FAAP, Senior Director & Chief Medical Officer, Cerner

Brian R. Jacobs, MD

Constance McLaughlin, MBA, BSN, RN-BC, Senior Regional Clinical Executive, Cerner

Jennifer Painter, DNP, APRN, CNS, NEA-BC, RN-BC, OCN, AOCNS, LSSBB, Director, Nursing Professional Development & Education, Institute for Learning, Leadership & Development (iLead), Christiana Care Health System

Too many clinicians are struggling with feelings of stress, frustration and loss of professional fulfillment brought on by several factors. In this presentation, health care and HIT leaders will take you through their journey of clinician burnout from the impact it's had on their organizations to the various approaches taken to combat and prevent it, including a look at technology trends that could help in the future.

Please RSVP to sheflin@ache.org.
