Detailed Contents

List of Exhibits
Preface

1 The Rise in Medical Expenditures
   Before Medicare and Medicaid
   The Increasing Role of Government
   Changing Patient and Provider Incentives
   Government Response to Rising Costs
   A Look Ahead

2 How Much Should We Spend on Medical Care?
   Consumer Sovereignty
   Economic Efficiency
   Government and Employer Concerns over Rising Medical Expenditures
   Approaches to Limiting Increases in Medical Expenditures

3 Do More Medical Expenditures Produce Better Health?
   Medical Services versus Health
   Health Production Function
   Improving Health Status Cost Effectively
   Relationship of Medical Care to Health over Time

4 In Whose Interest Does the Physician Act?
   The Physician as a Perfect Agent for the Patient
   Supplier-Induced Demand
   Increase in Physician Supply
   Insurers’ Response to Demand Inducement
   Informed Purchasers

5 Rationing Medical Services
   Government Rationing
   Rationing by Ability to Pay
   Decision Making by Consumers of Medical Services
   Marginal Benefit Curve
6 How Much Health Insurance Should Everyone Have?
Definitions of Insurance Terms
Insurance-Purchasing Decision Making
Tax-Free, Employer-Paid Health Insurance

7 Why Are Those Who Most Need Health Insurance Least Able to Buy It?
Medical Loss Ratios
How Health Insurance Markets Work
Additional Legislative Changes Affecting the Health Insurance Market

8 Medicare
Current State of Medicare
Concerns About the Current Medicare System
Impending Bankruptcy of Medicare
Proposals for Medicare Reform
Politics of Medicare Reform

9 Medicaid
An Illustration of Medicaid Eligibility
State Children’s Health Insurance Program (SCHIP)
Medicaid Beneficiaries and Medicaid Expenditures
The Patient Protection and Affordable Care Act (PPACA)
Medicaid Policy Issues
Medicaid Managed Care
Reforming Medicaid

10 How Does Medicare Pay Physicians?
Previous Medicare Physician Payment System
Reasons for Adopting the New Payment System
Components of the New Payment System
Effects of Medicare’s Payment System

11 Is There an Impending Shortage of Physicians?
Definitions of a Physician Shortage or Surplus
Consequences of an Imbalance in the Supply and Demand for Physicians
Economic Evidence on Trends in Physician Demand and Supply
The Longer-Term Outlook for Physicians

12 The Changing Practice of Medicine
   Types of Medical Groups
   Changes in the Size of Medical Groups
   Reversal of Fortunes of Large Multispecialty Groups
   Outlook for Medical Group Practices

13 Recurrent Malpractice Crises
   Explanations for the Rise in Malpractice Premiums
   Objectives of the Malpractice System
   Proposed Changes to the Malpractice System
   Enterprise Liability
   The Effects of Various Tort Reforms

14 Do Nonprofit Hospitals Behave Differently than For-Profit Hospitals?
   Why Are Hospitals Predominately Nonprofit?
   Performance of Nonprofit and For-Profit Hospitals
   The Question of Tax-Exempt Status

15 Competition Among Hospitals: Does it Raise or Lower Costs?
   Origins of Nonprice Competition
   Transition to Price Competition
   Price Competition in Theory
   Price Competition in Practice

16 The Future Role of Hospitals
   From Medicare to the Present
   The Hospital Outlook
   Hospital Revenues
   Potential Hospital Threats
   Alternative Hospital Scenarios

17 Cost Shifting
Setting Prices to Maximize Profits
Origins of Claims of Cost Shifting
Price Discrimination
Conditions under Which Cost Shifting Can Occur
The Direction of Causality

18 Can Price Controls Limit Medical Expenditure Increases?
Effect of Price Controls in Theory
Effect of Price Controls in Practice
Global Budgets

19 The Evolution of Managed Care
Why Managed Care Came About
What Is Managed Care?
Types of Managed Care Plans
How Has Managed Care Performed?
One-Time Versus Continual Cost Savings
The Change in Managed Care
Recent Developments in Managed Care
Consumer-Driven Health Care (CDHC)
Accountable Care Organizations (ACOs)

20 Has Competition Been Tried - And Has it Failed - to Improve the U.S. Health Care System?
Criteria for Judging Performance of a Country’s Medical Sector
How Medical Markets Differ from Competitive Markets
Demand-Side Market Failures
Supply-Side Market Failures
How Can Medical Markets Be More Competitive?
What Might Competitive Medical Markets Look Like?
Are the Poor Disadvantaged in a Competitive Market?

21 Comparative Effectiveness Research
CER and the Role of Government
Concerns Over How Comparative Effectiveness Research Will Be Used
Cost-Effectiveness Analysis
Quality Adjusted Life Years (QALYs)
The National Institute for Health and Clinical Excellence (NICE)

22 U.S. Competitiveness and Rising Health Costs
Who Pays for Higher Employee Medical Costs?
Who Pays for Retiree Medical Costs?
Possible Adverse Effects of Rising Medical Costs on the U.S. Economy

23 Why Is Getting into Medical School So Difficult?
Market for Medical Education in Theory
Market for Medical Education in Practice
Accreditation for Medical Schools
Recommended Changes

24 The Shortage of Nurses
Measuring Nursing Shortages
Nursing Shortages in Theory
Nursing Shortages in Practice
Federal Subsidies to Nursing Schools and Students

25 The High Price of Prescription Drugs
Reasons for the Increase in Pharmaceutical Expenditures
Pricing Practices of U.S. Pharmaceutical Companies

26 Ensuring Safety and Efficacy of New Drugs: Too Much of a Good Thing?
History of Regulation of Prescription Drugs
FDA’s Stringent Guidelines for Safety and Efficacy

27 Why Are Prescription Drugs Less Expensive Overseas?
Accuracy of Studies on International Variations in Drug Prices
Why Prescription Drugs Are Expected to Be Priced Lower Overseas
Public Policy Issues

28 The Pharmaceutical Industry: A Public Policy Dilemma
Public Policy Dilemma
Structure of the Pharmaceutical Industry
Development of New Drugs by the U.S. Pharmaceutical Industry
The Political Attractiveness of Price Controls on Prescription Drugs
Consequence of Price Controls on Prescription Drugs

29 Should Kidneys and Other Organs Be Bought and Sold?
Sources of Organs for Transplant
Donor Compensation Proposals
Opposition to Financial Incentives to Organ Donation
Additional Considerations
